

DATA ON FILE: Document A

**100,000+ patients treated worldwide**  
**Leading scalp cooling system in the world**

Total Worldwide installations: 2354

Based on each machine treating only 1 new patient per month the following calculations can be derived.

2016

2354 machines  
1 patient per month per machine  
12 months per year  
**28,248 patients scalp cooled**

2015

2200 machines  
1 patient per month per machine  
12 months per year  
**26,400 patients scalp cooled**

2014

2000 machines  
1 patient per month per machine  
12 months per year  
**24,000 patients scalp cooled**

2013

1800 machines  
1 patient per month per machine  
12 months per year  
**21,600 patients scalp cooled**

2012

1358 machines  
1 patient per month per machine  
12 months per year  
**16,296 patients scalp cooled**
